

SHOW MY HOMEWORK

In September you will start using *Show My Homework*, an online tool to help manage your homework.

Show My Homework will allow you to see details of the tasks you have been set, as well as when they need handing in.

Your Parent/Carer will be provided with login details for your personal account to see what homework has been set and whether or not it has been completed.

There is an App available for iPhone, iPad, iPod Touch and Android devices, which will send you notifications that a homework is due.

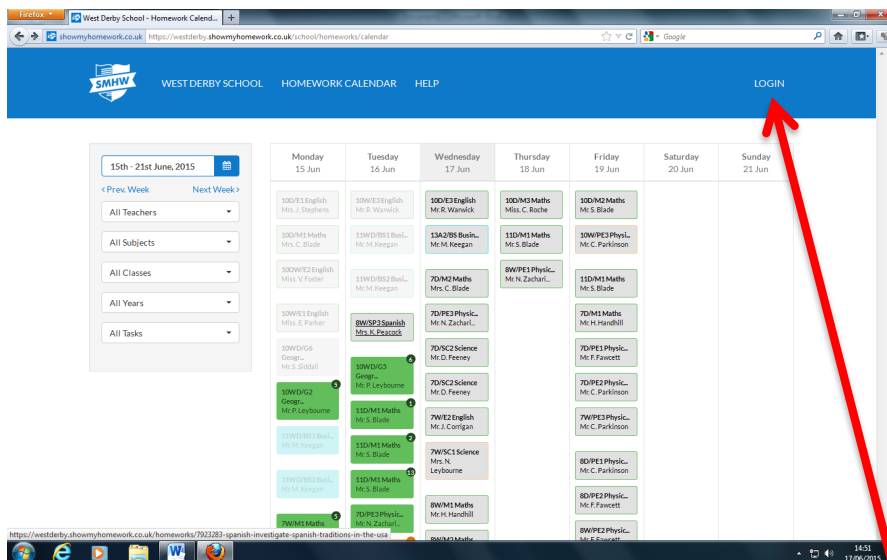

More importantly, we hope that it will improve your organisation and time-management and help you to keep on top of your workload.

A QUICK GUIDE on how to view the *Homework Calendar*
