## RE: Choosing the best next step after school: online platform Unifrog

Dear parent / guardian,

We are very pleased to let you know that in keeping with our commitment to providing students with outstanding Information, Advice and Guidance, we have purchased a subscription to the award-winning university and apprenticeship choosing tool Unifrog, and all students in Year 12 and 13 have access to the tool.

Unifrog aims to make it easy for students to choose the best five university courses and/or apprenticeship vacancies for them.

The tool pulls together an unparalleled breadth of data from sources such as The Guardian, UCAS, and the Department for Business, Innovation and Skills, allows students to compare university courses and apprenticeship vacancies side by side, and also helps students avoid common application mistakes, such as not choosing universities offering a range of entry requirements.

**Students access the tool via login details which have been emailed to them.** They can access the tool from any computer or smartphone. If you'd like to go through the tool with your child, please feel free to do so!

For more information please go to Unifrog's website, [www.unifrog.org](http://www.unifrog.org)

Yours Sincerely

Mr D Feeney

Head of Sixth Form
